

**Industrial controller**

Industrial controller KFM 902.....	902
Digital remote controller unit for KFM 902 / 93.....	902A50
Industrial controller KFM 92 / 93.....	92
Remote controller unit for KFM 92 / 93.....	929
Industrial controller KFM 94.....	94

**Function extensions**

Difference controller.....	991d
Limitation controller.....	991g
Cascade controller.....	991k
Program controller.....	991p
Ramp set point value.....	991r
Integrated status and malfunction units.....	991s
Stage control output.....	991t
Relay extension units.....	991tz
Modular step controller.....	991tz8
Integrated position controller.....	991u

**Digital communication**

KFM Process-control-software PCS.....	99pcs
KFM Interface software PKS.....	99pks
Serial interface.....	99s
MODBUS® Interface.....	99sm
PROFIBUS®-DP- Interface .....	99spde
ETHERNET Interface .....	99szkse

**Additional equipments** – see Page 2 –

**Operating instructions** – see group 0 -

**Additional equipments**

Additional analog inputs.....	99ax
Differential value input.....	99axd
Maximum/Minimum selection from 2 measurement inputs.....	99axm
Position feedback input.....	99axr
Input signal alteration rate limitation.....	99azd
Terminals for external keyboard .....	99b3t
External set point value input (see 99e as an accessory device).....	99bwa
Additional set point value permitting switch-over.....	99bwz
External control function influences.....	99bx
External control function influences.....	99b1s8
Digital input for control functions.....	99byb
Speed limitation of corrective action.....	99byd
Selection of the actuating signal in continuous controllers.....	99bym
Signal selection function for continuous 2-channel controllers.....	99byu2
External setpoint and analogue signal outputs as an accessory device.....	99e
Additional switching contacts.....	99f
Switchable common output for 2 control channels.....	99f1u.
Auxiliary control circuit with limiting function.....	99g
Signal output (see 99e as an accessory device).....	99o..
Signal output of step controller.....	99ogy1
Real-time clock.....	99rtc

**Industry Controller, Function extensions** – see Page 1 –

**Digital communication** – see Page 1 -
